## Abstracts

The global Title Insurance market size is expected to reach \$ million by 2030, rising at a market growth of % CAGR during the forecast period (2024-2030).

Title insurance is a type of insurance coverage that protects property owners and lenders against financial losses resulting from defects or issues related to the title of real estate properties. When a property is bought or refinanced, title insurance provides coverage for potential problems that may arise with the property's title, such as undisclosed liens, easements, encroachments, fraud, forgery, errors in public records, or ownership disputes.

This report studies the global Title Insurance demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Title Insurance, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2023 as the base year. This report explores demand trends and competition, as well as details the characteristics of Title Insurance that contribute to its increasing demand across many markets.
