According to our (Global Info Research) latest study, the global Travel Risk Management Services market size was valued at US\$ 118150 million in 2024 and is forecast to a readjusted size of USD 200150 million by 2031 with a CAGR of 7.9% during review period.

Travel Risk Management Services refer to a range of comprehensive strategies, services, and measures designed to identify, assess, mitigate, and respond to potential risks and challenges faced by individuals or organizations during travel. These services are particularly important for international or domestic travel to locations that may present various hazards, including health, safety, security, and logistical concerns.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50% compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
