Abstracts

According to our (Global Info Research) latest study, the global Travel Security Service market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

Travel Security Services reflect a range of security services provided to companies, government agencies, and families to ensure their protection while travelling within their own country or abroad. Travel security services vendors deliver customized, safe solutions regarding transportation, accommodations, and associated travel activities domestically and internationally to their clients. Apart from this, a number of several services are offered to clients such as on-call emergency response service, medical repatriation, 24 hours medical helpline, ground transportation, meetings & events, low profile security operations, and evacuation services. Moreover, there is a lot of competition in the traveler security services market, owing to presence of prominent players both globally and regionally. Hence, to sustain and succeed in the market, it is important for global service vendors to provide modern consultancy and customized services to clients, which contributes to market growth.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50% compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
