Abstracts

Tourism has become an essential element of modern life. Underwater hotels are the new destinations for tourists. They are the future of vacationing. The idea of underwater hotels was developed by engineers, scientists, and technical specialists. Underwater hotels provide amusement beyond the imagination of tourists. Underwater hotels are the scope of water tourism development around the globe. Underwater hotels are ambitious developments by companies owning them. They are becoming a new obsession for hotels around the world. More and more businesses in Dubai and Sweden are constructing underwater hotels. Underwater hotels are expensive but are worth it. They come in the category of luxury hotels for vacations. Tourists can gaze marine life and experience underwater adventures. However, underwater hotels still have a long way to become a commercial reality. Underwater hotels can only be developed with the help of government support in the respective region. It is because they are massive construction projects and require a large sea surface to be cleaned.
