Abstracts

According to our (Global Info Research) latest study, the global Vacation Rental Software market size was valued at US\$ 217 million in 2024 and is forecast to a readjusted size of USD 481 million by 2031 with a CAGR of 12.2% during review period.

The vacation rental software enables the house/property managers to manage leads, cash flows, distribution channels and partners or distribution channels. It also offers an efficient point of sale system, efficient documentation system to property managers and increases automation in vendor payables system. Lead management functionality generates the price quote automatically according to the requirements of the customer. Further, it also assists sales managers to create personalized quotes in less time and thus eliminates the hassle of manual price calculation. The vacation rental software contains reporting suite which enables the renting entity to evaluate the financial performance of the rented property. Renting entity refers to the property owner organization, property manager or the property owner.

The Vacation Rental Software industry concentration is unbalanced, and there are many small and new companies in this industry.

BookingSync and Kigo Inc. are the top 2 of Vacation Rental Software, with about 19% market shares.

The key sales markets locate at developed countries. The United States takes the market share of 34%, followed by Europe with 33%. China's consumption market has a quicker growing speed, with a market share of 7%.

This report is a detailed and comprehensive analysis for global Vacation Rental Software market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by End Users. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Vacation Rental Software market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Vacation Rental Software market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global Vacation Rental Software market size and forecasts, by Type and by End Users, in consumption value (\$ Million), 2020-2031

Global Vacation Rental Software market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Vacation Rental Software

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Vacation Rental Software market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include BookingSync, Ciirus Inc., Kigo Inc., Virtual Resort Manager, LiveRez, OwnerRez, 365Villas, Convoyant, Rental Network Software, Trekadoo, etc.

This report also provides key insights about market drivers, restraints, opportunities,

new product launches or approvals.

Market segmentation

Vacation Rental Software market is split by Type and by End Users. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by End Users. This analysis can help you expand your business by targeting qualified niche markets.
