## Abstracts

According to our (Global Info Research) latest study, the global Valuation and Modelling market size was valued at US\$ 7513 million in 2024 and is forecast to a readjusted size of USD 16990 million by 2031 with a CAGR of 12.5% during review period.

Valuation and modeling are two essential financial practices used in various fields, including finance, accounting, investment, and corporate decision-making.

The use of advanced data analytics, including machine learning and artificial intelligence, has become increasingly important in valuation and modeling. These technologies enable more sophisticated analysis of large datasets, leading to more accurate predictions and insights.

This report is a detailed and comprehensive analysis for global Valuation and Modelling market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Valuation and Modelling market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Valuation and Modelling market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global Valuation and Modelling market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2020-2031

Global Valuation and Modelling market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Valuation and Modelling

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Valuation and Modelling market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Deloitte, KPMG, EY, Grant Thornton LLP, BDO, FAR – Farahat & Co., FINOVATE (PTY) LTD, Aranca, Landmark Information Group Ltd., Investopedia, etc.
