According to our (Global Info Research) latest study, the global Visco Elastic Mattress market size was valued at US$ million in 2025 and is forecast to a readjusted size of US$ million by 2032 with a CAGR of %during review period.

Visco elastic mattresses, often marketed under the brand name Memory Foam mattresses, are popular for their comfort and support. They are made from a material that reacts to the heat and pressure of your body, slowly conforming to its shape. This material is known as viscoelastic polyurethane foam, which combines the properties of viscosity (resistance to flow) and elasticity (ability to return to its original shape).

This report is a detailed and comprehensive analysis for global Visco Elastic Mattress market. Both quantitative and qualitative analyses are presented by manufacturers, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Visco Elastic Mattress market size and forecasts, in consumption value ($ Million), sales quantity (Units), and average selling prices (US$/Unit), 2021-2032
