## **Abstracts**

According to our (Global Info Research) latest study, the global Warranty and Indemnity Services market size was valued at US\$ million in 2024 and is forecast to a readjusted size of USD million by 2031 with a CAGR of %during review period.

Warranty and Indemnity (W&I) Services are a type of insurance product and advisory service commonly used in mergers and acquisitions (M&A) transactions to manage risks associated with representations and warranties made by the seller.

Representations and warranties are statements made by the seller about the accuracy and completeness of information related to the target company being sold. If these representations and warranties are found to be inaccurate or misleading after the transaction, the buyer may suffer financial losses.

The use of Warranty and Indemnity Insurance was becoming more common in M&A transactions. Buyers and sellers were recognizing the benefits of transferring risk and enhancing deal certainty through insurance coverage.
