Abstracts

The global Weight-Loss Replacement Biscuit market size is expected to reach \$ 198 million by 2032, rising at a market growth of 12.1% CAGR during the forecast period (2026-2032).

A weight-loss replacement biscuit is a functional food designed for weight management that replaces part or all of a meal by providing controlled calories and enhanced satiety through higher dietary fiber and protein content. Typically formulated with low sugar or sugar substitutes and fortified with vitamins and minerals, it helps reduce caloric intake while maintaining basic nutritional needs, targeting consumers pursuing fat loss, blood sugar control, and healthier eating habits.

This report studies the global Weight-Loss Replacement Biscuit demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Weight-Loss Replacement Biscuit, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2025 as the base year. This report explores demand trends and competition, as well as details the characteristics of Weight-Loss Replacement Biscuit that contribute to its increasing demand across many markets.

Highlights and key features of the study
