## Abstracts

The global Wholesale and Retail Services Certification market size is expected to reach \$ million by 2029, rising at a market growth of % CAGR during the forecast period (2023-2029).

Wholesale and retail service certification reviews the service capabilities of wholesale and retail enterprises and evaluates their wholesale and retail service levels.

Service certification is a new certification system specially established for the service industry under market economy conditions to meet the needs of macro-management. It is a form of certification following product and system certification. In the era of service economy, more and more companies are beginning to realize that in order to become a winner in the market, strengthening product creativity and research and development is the basic operation, and high-quality service levels will gradually become important for the development of wholesale and retail companies. Competitiveness. The improvement of service quality is helpful for enterprises to maintain relationships with customers, making customers increase their favorability and loyalty to the enterprise; at the same time, the improvement of service quality is an important guarantee to meet customer needs, and can also make customers in the target market more stable; It can also gain a good reputation in the industry through the company's strict requirements on its own service quality, thereby developing new customers and expanding the company's sales scale. Only by providing good customer service can we create the best room for growth and the greatest benefits for the company.

Enterprises that have passed wholesale and retail service certification can objectively evaluate enterprise management and service quality to improve the overall service level of the enterprise and the service awareness of employees. On the other hand,

enterprises that have passed the certification can improve their products and packaging. The "Service Certification" star mark can be marked, which is persuasive and confirmable, allowing consumers to purchase with confidence. Continuously improve services, improve the company's service system, establish a good service reputation, continuously improve service quality, and enhance the service profit chain and sustainable income.
