XII Scripta is a two-player strategy board game in which dice rolls determine piece movement, and the objective is to bear off all one's pieces before the opponent. A standard set includes a board, checkers, and dice, combining simple rules with deep strategy and high replay value.

XII Scripta is a mature, globally recognized board game with a particularly strong following across the Mediterranean, Middle East, Europe, and North America, supported by a mix of home play, caf?s/clubs, and organized tournaments. In physical form, demand is steady and replacement-driven, with clear segmentation from low-cost mass-market sets to premium handcrafted boards that sell on craftsmanship, materials, and gifting appeal. Digitally, the market is broader and more scalable: mobile-first apps and online platforms compete on matchmaking quality, fair dice/anti-cheat trust, social features, and events, with monetization typically coming from ads, cosmetics, subscriptions, and entry fees for competitive modes. Growth tends to be tied to casual gaming penetration, community and influencer-led play, and the convenience of online competition, while key constraints include platform competition, user trust in randomness/fairness, and regulatory or compliance considerations when real-money or prize-based play is involved.
