According to our (Global Info Research) latest study, the global Youth Hostel market size was valued at US\$ 4346 million in 2025 and is forecast to a readjusted size of US\$ 7001 million by 2032 with a CAGR of 7.1% during review period.

A youth hostel is an inexpensive form of accommodation primarily designed for young travelers or backpackers on a budget. The concept of youth hostels originated in Germany in the early 20th century and has since spread throughout the world.

Youth hostels typically offer affordable dormitory-style accommodations, where multiple beds are placed in a single room, with shared bathrooms and common areas such as lounge, kitchen, and dining area. However, some hostels also provide private rooms with en-suite facilities.

Unlike hotels, youth hostels do not focus on luxury amenities but instead emphasize creating a welcoming and social atmosphere that fosters interaction among guests. This is often achieved through hosting various activities, such as pub crawls, tours, and group meals, which allow young travelers to meet new people and make friends.

Global key players of Youth Hostel include MEININGER Hotels, Generator Hostels, Freehand Hotels, St Christopher's Inns, Wombat's, Next House Copenhagen, etc. The top six players hold a share over 5%.

Europe is the largest market, has a share about 39%, followed by Asia-Pacific and North America, with share 38% and 17%, separately.

In terms of product type, Multiple Room is the largest segment, occupied for a share of

78%, and in terms of booking method, Direct Distribution has a share about 51%.
