A youth hostel is an inexpensive form of accommodation primarily designed for young travelers or backpackers on a budget. The concept of youth hostels originated in Germany in the early 20th century and has since spread throughout the world.

Youth hostels typically offer affordable dormitory-style accommodations, where multiple beds are placed in a single room, with shared bathrooms and common areas such as lounge, kitchen, and dining area. However, some hostels also provide private rooms with en-suite facilities.

Unlike hotels, youth hostels do not focus on luxury amenities but instead emphasize creating a welcoming and social atmosphere that fosters interaction among guests. This is often achieved through hosting various activities, such as pub crawls, tours, and group meals, which allow young travelers to meet new people and make friends.
