## Abstracts

According to our (Global Info Research) latest study, the global Modular Energy Storage Converter market size was valued at US\$ 554 million in 2025 and is forecast to a readjusted size of US\$ 783 million by 2032 with a CAGR of 5.1% during review period.

In 2025, the global production of modular energy storage inverters reached 74,226 units, with an average selling price of US\$7,250 per unit. The global annual production capacity of modular energy storage inverters is approximately 95,000 units, with a gross profit margin of approximately 27.2%. A modular energy storage inverter is a conversion device specifically designed for energy storage systems, aiming to convert direct current (DC) (such as electricity from batteries or solar panels) to alternating current (AC), or convert AC to DC for charging. Its key feature is its modular design, allowing the device to be expanded or configured according to specific needs. The upstream of the modular energy storage inverter industry chain includes semiconductors and power electronics, core energy conversion and storage components, thermal management and heat dissipation materials, and sensing, monitoring, and control components; the midstream consists of modular energy storage inverter manufacturers; and the downstream mainly includes power plants and industrial sectors.

The modular energy storage converter market is experiencing rapid growth and technological maturity simultaneously. Driven by the widespread adoption of new energy power generation, distributed energy, microgrids, and energy storage systems, it is promoting higher conversion efficiency, more compact size, and lower total cost. Core drivers include high power density, high reliability, flexible expansion and maintenance convenience brought by modular design, and increasing demand for intelligent control, thermal management, adaptive operation, and safety protection. Market trends are

characterized by the parallel growth of standardized modular architectures, widespread application in residential, commercial, and industrial energy storage, and grid-side peak shaving and through-grid requirements. Simultaneously, higher demands are being placed on the cost, efficiency, durability, and high/low temperature performance of key components, driving the development of supply chain collaboration, localized manufacturing, and digital operation and maintenance.

This report is a detailed and comprehensive analysis for global Modular Energy Storage Converter market. Both quantitative and qualitative analyses are presented by manufacturers, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

### **Key Features:**

Global Modular Energy Storage Converter market size and forecasts, in consumption value (\$ Million), sales quantity (Units), and average selling prices (US\$/Unit), 2021-2032

Global Modular Energy Storage Converter market size and forecasts by region and country, in consumption value (\$ Million), sales quantity (Units), and average selling prices (US\$/Unit), 2021-2032

Global Modular Energy Storage Converter market size and forecasts, by Type and by Application, in consumption value (\$ Million), sales quantity (Units), and average selling prices (US\$/Unit), 2021-2032

Global Modular Energy Storage Converter market shares of main players, shipments in revenue (\$ Million), sales quantity (Units), and ASP (US\$/Unit), 2021-2026

### **The Primary Objectives in This Report Are:**

- To determine the size of the total market opportunity of global and key countries
- To assess the growth potential for Modular Energy Storage Converter
- To forecast future growth in each product and end-use market
- To assess competitive factors affecting the marketplace

This report profiles key players in the global Modular Energy Storage Converter market

based on the following parameters - company overview, sales quantity, revenue, price, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Vertiv, Eleconva, Socomec, ABB, Kstar, Johnson Controls, Parker Hannifin, Delta Electronics, Destin Power, Dynapower Company, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

## **Market Segmentation**

Modular Energy Storage Converter market is split by Type and by Application. For the period 2021-2032, the growth among segments provides accurate calculations and forecasts for consumption value by Type, and by Application in terms of volume and value. This analysis can help you expand your business by targeting qualified niche markets.

### Market segment by Type

Below 500KW

500KW-1MW

More Than 1MW

### Market segment by Topology

Single-Stage

Two-Stage

### Market segment by Cooling Method

Self-Cooled

Air-Cooled

Liquid-Cooled

### Market segment by Application

Power Plant

Industrial Applications

Others

### Major players covered

Vertiv

Eleconva

Socomec

ABB

Kstar

Johnson Controls

Parker Hannifin

Delta Electronics

Destin Power

Dynapower Company

CHINT

INJET

Huazhi Energy

HYNN TECHNOLOGY

Jiangsu Milo Electric

Sinexcel

Hangzhou Mobius Tech

IMAXPWR

JIANGSU FIRST ELECTRIC TECHNOLOGY

Convert Power

Elecod

KORTRONG

IRT-TECH

JingTsing

TUESTECH

COLEN

Market segment by region, regional analysis covers  
North America (United States, Canada, and Mexico)  
Europe (Germany, France, United Kingdom, Russia, Italy, and Rest of Europe)  
Asia-Pacific (China, Japan, Korea, India, Southeast Asia, and Australia)  
South America (Brazil, Argentina, Colombia, and Rest of South America)  
Middle East & Africa (Saudi Arabia, UAE, Egypt, South Africa, and Rest of Middle East & Africa)

**The content of the study subjects, includes a total of 15 chapters:**

Chapter 1, to describe Modular Energy Storage Converter product scope, market

*Global Modular Energy Storage Converter Market 2026 by Manufacturers, Regions, Type and Application, Forecast...*

overview, market estimation caveats and base year.

Chapter 2, to profile the top manufacturers of Modular Energy Storage Converter, with price, sales quantity, revenue, and global market share of Modular Energy Storage Converter from 2021 to 2026.

Chapter 3, the Modular Energy Storage Converter competitive situation, sales quantity, revenue, and global market share of top manufacturers are analyzed emphatically by landscape contrast.

Chapter 4, the Modular Energy Storage Converter breakdown data are shown at the regional level, to show the sales quantity, consumption value, and growth by regions, from 2021 to 2032.

Chapter 5 and 6, to segment the sales by Type and by Application, with sales market share and growth rate by Type, by Application, from 2021 to 2032.

Chapter 7, 8, 9, 10 and 11, to break the sales data at the country level, with sales quantity, consumption value, and market share for key countries in the world, from 2021 to 2026. and Modular Energy Storage Converter market forecast, by regions, by Type, and by Application, with sales and revenue, from 2027 to 2032.

Chapter 12, market dynamics, drivers, restraints, trends, and Porters Five Forces analysis.

Chapter 13, the key raw materials and key suppliers, and industry chain of Modular Energy Storage Converter.

Chapter 14 and 15, to describe Modular Energy Storage Converter sales channel, distributors, customers, research findings and conclusion.

## Contents

### 1 MARKET OVERVIEW

1.1 Product Overview and Scope

1.2 Market Estimation Caveats and Base Year

1.3 Market Analysis by Type

1.3.1 Overview: Global Lightweight Hydrogen Fuel Cells Consumption Value by Type:  
2021 Versus 2025 Versus 2032

1.3.2 Liquid Cooling

1.3.3 Air Cooling

1.4 Market Analysis by Efficiency

1.4.1 Overview: Global Lightweight Hydrogen Fuel Cells Consumption Value by  
Efficiency: 2021 Versus 2025 Versus 2032

1.4.2

## I would like to order

Product name: Global Modular Energy Storage Converter Market 2026 by Manufacturers, Regions, Type and Application, Forecast to 2032

Product link: <https://marketpublishers.com/r/M4B0A0453C39EN.html>

Price: US\$ 3,480.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

[info@marketpublishers.com](mailto:info@marketpublishers.com)

## Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/M4B0A0453C39EN.html>
