Abstracts

'Dressings can include a wide variety of things, including fresh herbs, pickled vegetables or relish, fermented foods like vinegar or soy sauce, nuts, and dried or fresh fruit.

Salad dressings are a great way to add vitamins, minerals and antioxidants to your healthy salad.

Mayonnaise varies in color, but is often white, cream, or pale yellow. It may range in texture from that of light cream to a thick gel. In countries influenced by French culture, mustard is also a common ingredient, but the addition of mustard turns the sauce into a remoulade with a different flavor and the mustard acts as an additional emulsifier.'
