Toothpaste for cats is a specially formulated dental hygiene product designed for feline oral care. The primary purpose of cat toothpaste is to promote good oral health by helping to prevent dental issues such as plaque buildup, tartar accumulation, and gum disease in cats.

White Paper on China's Pet Healthy Consumption of JD shows that in 2023, there are 13.09 million pets entering middle age and old age. And pet aging is expected to be seen in the next few years. Changes in the age structure of pets will further bring about the development of the pet medical industry.
