Abstracts

'Integrated Operating Rooms were conceptualized in the late 1960's but have evolved with the rapid advancement of new technology. The essential idea is that the operating room will have all of the necessary equipment needed for a surgeon in an ergonomic environment. Modern integrated operating rooms are built with state-of-the-art technology that aims to maximize efficiency.

In this report, IT Solutions for Integrated Operating Room Product contains the capital equipment such as high-definition (HD) display system, audio and video management system, and recording and documentation system.'
