Abstracts

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Pipeline Review, H2 2018

SUMMARY

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) pipeline Target constitutes close to 6 molecules. The latest report Adrenocorticotrophic Hormone Receptor - Pipeline Review, H2 2018, outlays comprehensive information on the Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics, complete with analysis by indications, stage of development, mechanism of action (MoA), route of administration (RoA) and molecule type.

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - The adrenocorticotrophic hormone receptor also known as the melanocortin receptor 2 is a type of melanocortin receptor (type 2) which is specific for ACTH. ACTH receptor is found in the zona fasciculata of adrenal cortex. Binding of the receptor by ACTH stimulates the production of cortisol.

The molecules developed by companies in Phase III, Phase II, Phase I, Preclinical and Discovery stages are 1, 1, 1, 2 and 1 respectively. Report covers products from therapy areas Central Nervous System, Metabolic Disorders, Genetic Disorders and Musculoskeletal Disorders which include indications Infantile Spasm (West Syndrome),

Pituitary ACTH Hypersecretion (Cushing Disease), Amyotrophic Lateral Sclerosis, Duchenne Muscular Dystrophy, Gouty Arthritis (Gout) and Multiple Sclerosis.

Furthermore, this report also reviews key players involved in Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics development with respective active and dormant or discontinued projects. Driven by data and information sourced from proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources.

Note: Certain content/sections in the pipeline guide may be removed or altered based on the availability and relevance of data.

SCOPE

The report provides a snapshot of the global therapeutic landscape for Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R)

The report reviews Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics under development by companies and universities/research institutes based on information derived from company and industry-specific sources

The report covers pipeline products based on various stages of development ranging from pre-registration till discovery and undisclosed stages

The report features descriptive drug profiles for the pipeline products which includes, product description, descriptive MoA, R&D brief, licensing and collaboration details & other developmental activities

The report reviews key players involved in Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics and enlists all their major and minor projects

The report assesses Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics based on mechanism of action (MoA), route of

administration (RoA) and molecule type

The report summarizes all the dormant and discontinued pipeline projects

The report reviews latest news and deals related to Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) targeted therapeutics

REASONS TO BUY

Gain strategically significant competitor information, analysis, and insights to formulate effective R&D strategies

Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage

Identify and understand the targeted therapy areas and indications for Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R)

Identify the use of drugs for target identification and drug repurposing

Identify potential new clients or partners in the target demographic

Develop strategic initiatives by understanding the focus areas of leading companies

Plan mergers and acquisitions effectively by identifying key players and it's most promising pipeline therapeutics

Devise corrective measures for pipeline projects by understanding Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) development landscape

Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope

Contents

Introduction

Global Markets Direct Report Coverage

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Overview

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Therapeutics Development

Products under Development by Stage of Development

Products under Development by Therapy Area

Products under Development by Indication

Products under Development by Companies

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Therapeutics Assessment

Assessment by Mechanism of Action

Assessment by Route of Administration

Assessment by Molecule Type

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Companies Involved in Therapeutics Development

Crinetics Pharmaceuticals Inc

Ipsen SA

Mallinckrodt Plc

Novartis AG

Adrenocorticotrophic Hormone Receptor (Adrenocorticotropin Receptor or Melanocortin Receptor 2 or ACTHR or MC2R) - Drug Profiles
