Abstracts

Beta Nerve Growth Factor (Beta NGF or NGF) - Drugs in Development, 2021

SUMMARY

Beta Nerve Growth Factor (Beta NGF or NGF) pipeline Target constitutes close to 11 molecules. The latest report Beta Nerve Growth Factor - Drugs in Development, 2021, outlays comprehensive information on the Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics, complete with analysis by indications, stage of development, mechanism of action (MoA), route of administration (RoA) and molecule type.

Beta Nerve Growth Factor (Beta NGF or NGF) - Nerve growth factor is a neurotrophic factor involved in the regulation of growth, maintenance, proliferation, and survival of certain target neurons. It inhibits metalloproteinase dependent proteolysis of platelet glycoprotein VI. The molecules developed by companies in Pre-Registration, Phase III, Phase II, IND/CTA Filed, Preclinical and Discovery stages are 1, 1, 3, 1, 4 and 1 respectively.

Report covers products from therapy areas Central Nervous System, Cardiovascular, Ophthalmology, Dermatology, Hematological Disorders and Immunology which include indications Pain, Osteoarthritis Pain, Cancer Pain, Amyotrophic Lateral Sclerosis, Cardiac Arrest, Diabetic Neuropathic Pain, Glaucoma, Keratitis, Low Back Pain, Lung Transplant Rejection, Myocardial Infarction, Optic Nerve Injury, Parkinson's Disease, Peripheral Nerve Injury, Post-Operative Pain, Pressure Ulcers, Retinitis Pigmentosa (Retinitis), Sicca Syndrome (Sjogren) and Sickle Cell Disease.

Furthermore, this report also reviews key players involved in Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics development with respective active and dormant or discontinued projects. Driven by data and information sourced from proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources.

Note: Certain content/sections in the pipeline guide may be removed or altered based on the availability and relevance of data.

SCOPE

The report provides a snapshot of the global therapeutic landscape for Beta Nerve Growth Factor (Beta NGF or NGF)

The report reviews Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics under development by companies and universities/research institutes based on information derived from company and industry-specific sources

The report covers pipeline products based on various stages of development ranging from pre-registration till discovery and undisclosed stages

The report features descriptive drug profiles for the pipeline products which includes, product description, descriptive MoA, R&D brief, licensing and collaboration details & other developmental activities

The report reviews key players involved in Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics and enlists all their major and minor projects

The report assesses Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics based on mechanism of action (MoA), route of administration (RoA) and molecule type

The report summarizes all the dormant and discontinued pipeline projects

The report reviews latest news and deals related to Beta Nerve Growth Factor (Beta NGF or NGF) targeted therapeutics

REASONS TO BUY

Gain strategically significant competitor information, analysis, and insights to formulate effective R&D strategies

Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage

Identify and understand the targeted therapy areas and indications for Beta Nerve Growth Factor (Beta NGF or NGF) Identify the use of drugs for target identification and drug repurposing

Identify potential new clients or partners in the target demographic

Develop strategic initiatives by understanding the focus areas of leading companies

Plan mergers and acquisitions effectively by identifying key players and it's most promising pipeline therapeutics

Devise corrective measures for pipeline projects by understanding Beta Nerve Growth Factor (Beta NGF or NGF) development landscape

Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope

Contents

Introduction

Global Markets Direct Report Coverage

Beta Nerve Growth Factor (Beta NGF or NGF) - Overview

Beta Nerve Growth Factor (Beta NGF or NGF) - Therapeutics Development
