Abstracts

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) Drugs in Development by Therapy Areas and Indications, Stages, MoA, RoA, Molecule Type and Key Players, 2022 Update

SUMMARY

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) pipeline Target constitutes close to 11 molecules. Out of which approximately 9 molecules are developed by companies and remaining by the universities/institutes. The latest report Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 - Drugs In Development, 2022, outlays comprehensive information on the Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted therapeutics, complete with analysis by indications, stage of development, mechanism of action (MoA), route of administration (RoA) and molecule type.

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) - Gamma-aminobutyric acid A receptor, alpha 5 or GABRA5 is a protein encoded by the GABRA5 gene. it , mediates neuronal inhibition by binding to the GABA/benzodiazepine receptor and opening an integral chloride channel. The molecules developed by companies in Phase II and Preclinical stages are 4 and 5 respectively. Similarly, the universities portfolio in Preclinical stages comprises 2

molecules, respectively. Report covers products from therapy areas Central Nervous System, Genetic Disorders and Cardiovascular which include indications Cognitive Disorders, Schizophrenia, Alzheimer's Disease, Anxiety Disorders, Autism, Cognitive Impairment, Cognitive Impairment Associated With Schizophrenia (CIAS), Depression, Down Syndrome, Epilepsy, Ischemic Stroke, Mild Cognitive Impairment, Panic Disorders, Pervasive Developmental Disorder (PDD), Traumatic Brain Injury and Unspecified Genetic Disorders.

Furthermore, this report also reviews key players involved in Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted therapeutics development with respective active and dormant or discontinued projects. Driven by data and information sourced from proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources.

Note: Certain content/sections in the pipeline guide may be removed or altered based on the availability and relevance of data.

SCOPE

The report provides a snapshot of the global therapeutic landscape for Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5)

The report reviews Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted therapeutics under development by companies and universities/research institutes based on information derived from company and industry-specific sources

The report covers pipeline products based on various stages of development ranging from pre-registration till discovery and undisclosed stages

The report features descriptive drug profiles for the pipeline products which includes, product description, descriptive MoA, R&D brief, licensing and collaboration details & other developmental activities

The report reviews key players involved in Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted

therapeutics and enlists all their major and minor projects

The report assesses Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted therapeutics based on mechanism of action (MoA), route of administration (RoA) and molecule type

The report summarizes all the dormant and discontinued pipeline projects

The report reviews latest news and deals related to Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) targeted therapeutics

REASONS TO BUY

Gain strategically significant competitor information, analysis, and insights to formulate effective R&D strategies

Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage

Identify and understand the targeted therapy areas and indications for Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5)

Identify the use of drugs for target identification and drug repurposing

Identify potential new clients or partners in the target demographic

Develop strategic initiatives by understanding the focus areas of leading companies

Plan mergers and acquisitions effectively by identifying key players and it's most promising pipeline therapeutics

Devise corrective measures for pipeline projects by understanding Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) development landscape

Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope

Contents

Introduction

Global Markets Direct Report Coverage

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) - Overview

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) - Therapeutics Development

Products under Development by Stage of Development

Products under Development by Therapy Area

Products under Development by Indication

Products under Development by Companies

Products under Development by Universities/Institutes

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) - Therapeutics Assessment

Assessment by Mechanism of Action

Assessment by Route of Administration

Assessment by Molecule Type

Gamma-Aminobutyric Acid Receptor Subunit Alpha 5 (GABA(A) Receptor Subunit Alpha 5 or GABRA5) - Companies Involved in Therapeutics Development

AgeneBio Inc

Cerevel Therapeutics Holdings Inc

F. Hoffmann-La Roche Ltd

Les Laboratoires Servier SAS

Ono Pharmaceutical Co Ltd

Saniona AB
