Abstracts

Lipid Disorders Drugs in Development by Stages, Target, MoA, RoA, Molecule Type and Key Players

SUMMARY

Lipid Disorders Drugs in Development by Stages, Target, MoA, RoA, Molecule Type and Key Players provides an overview of the Lipid Disorders pipeline landscape.

The report provides comprehensive information on the therapeutics under development for Lipid Disorders, complete with analysis by Stage of Development, Drug Target, Mechanism of Action (MoA), Route of Administration (RoA) and Molecule Type. The report also covers the descriptive Pharmacological Action of the therapeutics, its complete research and development history and latest news and press releases. Additionally, the report provides an overview of key players involved in therapeutic development and features dormant and discontinued projects.

The report helps in identifying and tracking emerging players in the market and their portfolios, enhances decision making capabilities and helps to create effective counter strategies to gain competitive advantage.

The report is built using data and information sourced from Global Markets Direct's proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources. Drug profiles featured in the report undergoes periodic review following a stringent set of processes to ensure that all the profiles are updated with the latest set of information. Additionally, various

dynamic tracking processes ensure that the most recent developments are captured on a real time basis.

NOTE:

This is an “on-demand” report and will be delivered within 2 business days (excluding weekends and holidays) of the purchase.

Certain sections in the report may be removed or altered based on the availability and relevance of data.

SCOPE

The pipeline guide provides a snapshot of the global therapeutic landscape of Lipid Disorders.

The pipeline guide reviews pipeline therapeutics for Lipid Disorders by companies and universities/research institutes based on information derived from company and industry-specific sources.

The pipeline guide covers pipeline products based on several stages of development ranging from pre-registration till discovery and undisclosed stages.

The pipeline guide features descriptive drug profiles for the pipeline products which comprise, product description, descriptive licensing and collaboration details, R&D brief, MoA & other developmental activities.

The pipeline guide reviews key companies involved in Lipid Disorders therapeutics and enlists all their major and minor projects.

The pipeline guide evaluates Lipid Disorders therapeutics based on mechanism of action (MoA), drug target, route of administration (RoA) and molecule type.

The pipeline guide encapsulates all the dormant and discontinued pipeline projects.

The pipeline guide reviews latest news related to pipeline therapeutics for Lipid Disorders.

REASONS TO BUY

Procure strategically important competitor information, analysis, and insights to formulate effective R&D strategies.

Recognize emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage.

Find and recognize significant and varied types of therapeutics under development for Lipid Disorders.

Classify potential new clients or partners in the target demographic.

Develop tactical initiatives by understanding the focus areas of leading companies.

Plan mergers and acquisitions meritoriously by identifying key players and it’s most promising pipeline therapeutics.

Formulate corrective measures for pipeline projects by understanding Lipid Disorders pipeline depth and focus of Indication therapeutics.

Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope.

Adjust the therapeutic portfolio by recognizing discontinued projects and understand from the know-how what drove them from pipeline.
