## Abstracts

Nasopharyngitis (Common Cold) - Pipeline Review, H2 2020

### SUMMARY

Global Markets Direct's latest Pharmaceutical and Healthcare disease pipeline guide Nasopharyngitis - Pipeline Review, H2 2020, provides an overview of the Nasopharyngitis (Ear Nose Throat Disorders) pipeline landscape.

Nasopharyngitis also known as common cold is an infectious, inflammatory condition that affects the throat and nasal passages. The virus can spread through droplets in the air when someone who is sick coughs, sneezes or talks. Symptoms include sore throat, runny nose, sneezing, fatigue, headache and loss of appetite. Risk factors include age and weakened immune system. Treatment includes pain relievers and decongestant medications.

### REPORT HIGHLIGHTS

Global Markets Direct's Pharmaceutical and Healthcare latest pipeline guide Nasopharyngitis - Pipeline Review, H2 2020, provides comprehensive information on the therapeutics under development for Nasopharyngitis (Ear Nose Throat Disorders), complete with analysis by stage of development, drug target, mechanism of action (MoA), route of administration (RoA) and molecule type. The guide covers the descriptive pharmacological action of the therapeutics, its complete research and development history and latest news and press releases.

The Nasopharyngitis (Ear Nose Throat Disorders) pipeline guide also reviews of key players involved in therapeutic development for Nasopharyngitis (Common Cold) and features dormant and discontinued projects. The guide covers therapeutics under

Development by Companies/Universities/Institutes, the molecules developed by Companies in Filing rejected/Withdrawn, Phase III, Phase II, Phase I, Preclinical and Discovery stages are 2, 2, 1, 3, 3 and 1 respectively. Similarly, the Universities portfolio in Preclinical and Discovery stages comprises 1 and 1 molecules, respectively. Nasopharyngitis (Ear Nose Throat Disorders) pipeline guide helps in identifying and tracking emerging players in the market and their portfolios, enhances decision making capabilities and helps to create effective counter strategies to gain competitive advantage. The guide is built using data and information sourced from Global Markets Direct's proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources. Additionally, various dynamic tracking processes ensure that the most recent developments are captured on a real time basis.

**Note:** Certain content/sections in the pipeline guide may be removed or altered based on the availability and relevance of data.

## SCOPE

The pipeline guide provides a snapshot of the global therapeutic landscape of Nasopharyngitis (Ear Nose Throat Disorders).

The pipeline guide reviews pipeline therapeutics for Nasopharyngitis (Ear Nose Throat Disorders) by companies and universities/research institutes based on information derived from company and industry-specific sources.

The pipeline guide covers pipeline products based on several stages of development ranging from pre-registration till discovery and undisclosed stages.

The pipeline guide features descriptive drug profiles for the pipeline products which comprise, product description, descriptive licensing and collaboration details, R&D brief, MoA & other developmental activities.

The pipeline guide reviews key companies involved in Nasopharyngitis (Ear Nose Throat Disorders) therapeutics and enlists all their major and minor projects.

The pipeline guide evaluates Nasopharyngitis (Ear Nose Throat Disorders) therapeutics based on mechanism of action (MoA), drug target, route of

administration (RoA) and molecule type.

The pipeline guide encapsulates all the dormant and discontinued pipeline projects.

The pipeline guide reviews latest news related to pipeline therapeutics for Nasopharyngitis (Ear Nose Throat Disorders)

## **REASONS TO BUY**

Procure strategically important competitor information, analysis, and insights to formulate effective R&D strategies.

Recognize emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage.

Find and recognize significant and varied types of therapeutics under development for Nasopharyngitis (Ear Nose Throat Disorders).

Classify potential new clients or partners in the target demographic.

Develop tactical initiatives by understanding the focus areas of leading companies.

Plan mergers and acquisitions meritoriously by identifying key players and it's most promising pipeline therapeutics.

Formulate corrective measures for pipeline projects by understanding Nasopharyngitis (Ear Nose Throat Disorders) pipeline depth and focus of Indication therapeutics.

Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope.

Adjust the therapeutic portfolio by recognizing discontinued projects and understand from the know-how what drove them from pipeline.

## Contents

Introduction

Global Markets Direct Report Coverage

Nasopharyngitis (Common Cold) - Overview

Nasopharyngitis (Common Cold) - Therapeutics Development

Pipeline Overview

Pipeline by Companies

Pipeline by Universities/Institutes

Products under Development by Companies

Products under Development by Universities/Institutes

Nasopharyngitis (Common Cold) - Therapeutics Assessment

Assessment by Target

Assessment by Mechanism of Action

Assessment by Route of Administration

Assessment by Molecule Type

Nasopharyngitis (Common Cold) - Companies Involved in Therapeutics Development

Adare Pharmaceuticals Inc

Charleston Laboratories Inc

Firebrick Pharma Pty Ltd

Karo Pharma AB

Pfizer Inc

Sanotize Research And Development Corp

SSP Co Ltd

Tris Pharma Inc

Nasopharyngitis (Common Cold) - Drug Profiles

Antibodies to Target TRIM-21 for Gastrointestinal and Ear Nose Throat Disorders - Drug Profile

Product Description

Mechanism Of Action

R&D Progress

guaifenesin ER - Drug Profile

Product Description

Mechanism Of Action

R&D Progress

hydrocodone bitartrate + Undisclosed drug - Drug Profile

Product Description

Mechanism Of Action

R&D Progress

Nasopharyngitis (Common Cold) - Dormant Projects

Nasopharyngitis (Common Cold) - Discontinued Products

Nasopharyngitis (Common Cold) - Product Development Milestones
