The reports help answer the following questions:

What is the current size of the aluminium market in the world and in different countries?

How is the aluminium market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in the reports:

Overall aluminium market size, 2009-2020

Aluminium market size by product segment, 2009-2020

Growth rates of the overall aluminium market and different product segments, 2009-2020

Shares of different product segments of the overall aluminium market, 2009, 2015 and 2020

Market Potential Rates of the overall aluminium market and different product segments

The market data is given for the following product segments:

Aluminium foil

Aluminium profiles, bars and rods

Aluminium sheets and plates

Aluminium tubes and pipes

Aluminium wire

Unwrought aluminium

Aluminium flakes and powders

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the aluminium market in the world to 2020

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.
