The reports include historic market data from 2011 to 2017 and forecasts until 2022 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

- Overall bearing market size, 2011-2022

- Bearing market size by product segment, 2011-2022

- Growth rates of the overall bearing market and different product segments, 2011-2022

- Shares of different product segments of the overall bearing market, 2011, 2017 and 2022

The product segments discussed in the data reports include:

Ball bearings
Tapered roller bearings
Spherical roller bearings
Needle roller bearings
Other cylindrical roller bearings
Other bearings
Bearing housings with bearings
Bearing housings without bearings
Needles, rollers and balls for bearings
Other parts for bearings

The reports help answering the following questions:

What is the current size of the bearing market in the top 5 Asian countries?

How is the bearing market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the bearing market in the top 5 Asian countries to 2022

Track industry development and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

Contents

China, India, Japan, South Korea, Thailand

Below you can find the table of contents for one of the reports. All the reports have a similar structure and content so that different countries can be easily compared with each other.

1. MARKET FOR BEARINGS IN THE COUNTRY IN QUESTION

Overall Market

Market by Type

Ball bearings

Tapered roller bearings

Spherical roller bearings

Needle roller bearings

Other cylindrical roller bearings

Other bearings

Bearing housings with bearings

Bearing housings without bearings

Needles, rollers and balls for bearings

Other parts for bearings

2. FORECASTS AND FUTURE OUTLOOK

Overall Market

Market by Type

Ball bearings

Tapered roller bearings

Spherical roller bearings

Needle roller bearings
