Abstracts

This industry report offers the most up-to-date market data on the actual market situation, trends and future outlook for construction and mining machinery in Chile. The research includes historic market data from 2007 to 2013 and forecasts until 2018 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall construction and mining machinery market size, 2007-2018

Construction and mining machinery market size by machinery type, 2007-2018

Growth rates of the overall construction and mining machinery market and different machinery types, 2007-2018

Shares of different machinery types of the overall construction and mining machinery market, 2007, 2013 and 2018

Market Potential Rates of the overall construction and mining machinery market and different machinery types

The machinery types analyzed in this data report include:

360-degree excavators and shovels

Front end shovel loaders

Crawler bulldozers and angledozers

Wheeled bulldozers and angledozers

Graders and levellers (self-propelled)

Scrapers

Road rollers and tamping machines (self-propelled)

Other compacting and tamping machinery

Track-laying tractors (crawlers)

Mortar and concrete mixers

Off-highway dumpers

Mine elevators and conveyors

Pile-extractors and pile-drivers

Grinding and crushing machinery (mineral, stone, ore)

Mineral kneading and mixing machinery

Screening, sorting, separating and washing machinery for (mineral, stone, ore)

Rock/coal cutters and tunnelling machinery (self-propelled)

Other rock/coal cutters and tunnelling machinery

Other construction and mining machinery

Bulldozer and angledozer blades

Parts of sinking and boring machinery

Other parts of construction and mining machinery

The report answers the following questions:

What is the current size of the construction and mining machinery market in Chile?

How is the construction and mining machinery market divided into different machinery types?

How are the overall market and different machinery types growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the construction and mining machinery market in Chile to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

The industry data report is produced utilizing the standard methodology of Global Research & Data Services by applying, analyzing, and combining a wide range of sources and in-house analysis.

Contents

Market for Construction and Mining Machinery in Chile

Overall Market

Market by Type

360-degree excavators and shovels

Front end shovel loaders

Crawler bulldozers and angledozers

Wheeled bulldozers and angledozers

Graders and levellers (self-propelled)

Scrapers

Road rollers and tamping machines (self-propelled)

Other compacting and tamping machinery

Track-laying tractors (crawlers)

Mortar and concrete mixers

Off-highway dumpers

Mine elevators and conveyors

Pile-extractors and pile-drivers

Grinding and crushing machinery (mineral, stone, ore)

Mineral kneading and mixing machinery

Screening, sorting, separating and washing machinery (mineral, stone, ore)

Rock/coal cutters and tunnelling machinery (self-propelled)

Other rock/coal cutters and tunnelling machinery

Other construction and mining machinery

Bulldozer and angledozer blades

Parts of sinking and boring machinery

Other parts of construction and mining machinery

FORECASTS AND FUTURE OUTLOOK

Overall Market

Market by Type

360-degree excavators and shovels

Front end shovel loaders

Crawler bulldozers and angledozers

Wheeled bulldozers and angledozers

Graders and levellers (self-propelled)

Scrapers

Road rollers and tamping machines (self-propelled)

Other compacting and tamping machinery
Track-laying tractors (crawlers)
Mortar and concrete mixers
Off-highway dumpers
Mine elevators and conveyors
Pile-extractors and pile-drivers
Grinding and crushing machinery (mineral, stone, ore)
Mineral kneading and mixing machinery
Screening, sorting, separating and washing machinery (mineral, stone, ore)
Rock/coal cutters and tunnelling machinery (self-propelled)
Other rock/coal cutters and tunnelling machinery
Other construction and mining machinery
Bulldozer and angledozer blades
Parts of sinking and boring machinery
Other parts of construction and mining machinery

MARKET POTENTIAL RATES

CONSTRUCTION AND MINING MACHINERY MARKET SIZE COMPARED TO MARKET GROWTH IN DIFFERENT COUNTRIES
