Abstracts

This industry report package offers the most up-to-date market data on the actual market situation, trends, and future outlook for electric motors and generators in different Western European countries. The package includes electric motor and generator country reports from the following countries:

Austria, Belgium, Denmark, Finland, France, Germany, Iceland, Ireland, Italy, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom

The reports include historic market data from 2007 to 2013 and forecasts until 2018 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall electric motor and generator market size, 2007-2018

Electric motor and generator market size by product segment, 2007-2018

Growth rates of the overall electric motor and generator market and different product segments, 2007-2018

Shares of different product segments of the overall electric motor and generator market, 2007, 2013 and 2018

Market Potential Rates of the overall electric motor and generator market and

different product segments

The product segments discussed in the data reports include:

Single-phase AC motors

Multi-phase AC motors (output less than 750 watts)

Multi-phase AC motors (output 0.75-75 kW)

Multi-phase AC motors (output more than 75 kW)

AC generators (output less than 75 kVA)

AC generators (output 75-375 kVA)

AC generators (output 375-750 kVA)

AC generators (output more than 750 kVA)

DC motors and generators (output less than 750 watts)

DC motors and generators (output 0.75-75 kW)

DC motors and generators (output 75-375 kW)

DC motors and generators (output more than 375 kW)

Electric motors (output less than 37.5 watts)

Universal AC/DC motors (output less than 37.5 watts)

Parts for electric motors and generators

The reports help answering the following questions:

What is the current size of the electric motor and generator market in different Western European countries?

How is the electric motor and generator market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends,

and future outlook of the electric motor and generator market in different Western European countries to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

Contents

This market research report package includes country reports from the following countries:

Austria, Belgium, Denmark, Finland, France, Germany, Iceland, Ireland, Italy, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom

Below you can find the table of contents for one of the reports. All the reports have a similar structure and content so that different countries can be easily compared with each other.

1. MARKET FOR ELECTRIC MOTORS AND GENERATORS IN THE COUNTRY IN QUESTION

Overall Market

Market by Type

Aircraft electric motors and generators

Motor vehicle electric motors and generators

Electric Motors and Generators convertible into beds

Electric Motors and Generators with metal frames

Electric Motors and Generators with wooden frames

Swivel electric motors and generators with variable height adjustment

Other electric motors and generators

Electric Motor and Generator parts

2. FORECASTS AND FUTURE OUTLOOK

Overall Market

Market by Type

Aircraft electric motors and generators

Motor vehicle electric motors and generators

Electric Motors and Generators convertible into beds

Electric Motors and Generators with metal frames

Electric Motors and Generators with wooden frames

Swivel electric motors and generators with variable height adjustment

Other electric motors and generators

Electric Motor and Generator parts

3. MARKET POTENTIAL RATES

4. ELECTRIC MOTOR AND GENERATOR MARKET SIZE COMPARED TO MARKET GROWTH IN DIFFERENT COUNTRIES

5. MARKET DEFINITION

6. METHODOLOGY AND SOURCES

7. ABOUT GLOBAL RESEARCH & DATA SERVICES

List Of Tables

LIST OF TABLES

Table 1 Demand for electric motors and generators in the country in question, 2007-2013 (US dollars)

Table 2 Demand for electric motors and generators in the country in question, by type, 2007 and 2013 (share)

Table 3 Demand for aircraft electric motors and generators in the country in question, 2007-2013 (US dollars)

Table 4 Demand for motor vehicle electric motors and generators in the country in question, 2007-2013 (US dollars)

Table 5 Demand for electric motors and generators convertible into beds in the country in question, 2007-2013 (US dollars)

Table 6 Demand for electric motors and generators with metal frames in the country in question, 2007-2013 (US dollars)

Table 7 Demand for electric motors and generators with wooden frames in the country in question, 2007-2013 (US dollars)

Table 8 Demand for swivel electric motors and generators with variable height adjustment in the country in question, 2007-2013 (US dollars)

Table 9 Demand for other electric motors and generators in the country in question, 2007-2013 (US dollars)

Table 10 Demand for electric motor and generator parts in the country in question, 2007-2013 (US dollars)

Table 11 Demand for electric motors and generators in the country in question, 2014-2018 (US dollars)

Table 12 Demand for electric motors and generators in the country in question, by type, 2007, 2013 and 2018 (share)

Table 13 Demand for aircraft electric motors and generators in the country in question, 2014-2018 (US dollars)

Table 14 Demand for motor vehicle electric motors and generators in the country in question, 2014-2018 (US dollars)

Table 15 Demand for electric motors and generators convertible into beds in the country in question, 2014-2018 (US dollars)

Table 16 Demand for electric motors and generators with metal frames in the country in question, 2014-2018 (US dollars)

Table 17 Demand for electric motors and generators with wooden frames in the country in question, 2014-2018 (US dollars)

Table 18 Demand for swivel electric motors and generators with variable height

adjustment in the country in question, 2014-2018 (US dollars)

Table 19 Demand for other electric motors and generators in the country in question, 2014-2018 (US dollars)

Table 20 Demand for electric motor and generator parts in the country in question, 2014-2018 (US dollars)

Table 21 Market Potential Rates of electric motor and generator industry in the country in question
