About

Global demand for copper sheets and plates is forecast to expand 4.5% p.a. between 2014 and 2018. Armenia, China, Germany, Macedonia and Turkey are considered the highest potential markets in the coming years.

According to recently published research conducted by a leading international market research company, Global Research & Data Services, the expansion of the global copper sheet and plate industry is forecast to reach 4.5% p.a. in the coming years. Between 2007 and 2013 the market decreased with an average annual decline of -1.5%. Currently, refined copper sheets and plates account for 36.2% of the global demand while the remaining market share is divided between brass sheets and plates (29.4%), bronze sheets and plates (13.3%), cupro-nickel and nickel silver sheets and plates (6.6%) and other copper sheets and plates (14.5%).

China, Germany, Japan, South Korea and the United States represent the largest copper sheet and plate markets while the strongest annual growth is forecast to occur in Macedonia (29.2%), Turkey (23.5%), Armenia (21.8%), Lithuania (21.4%) and Slovakia (19.7%).

Based on in-house analysis and an advanced model which takes into consideration the actual market size, trends, forecast market growth, and changes in the market environment, Global Research and Data Services calculates the Market Potential Rates, the predicted market potential of the country in the coming years. The larger the Market Potential Rate, the more potential the market has in the coming years; and conversely, the smaller the rate, the less potential the market is considered to have in the future.
