Abstracts

This industry report package offers the most up-to-date market data on the actual market situation, trends, and future outlook for electricity control and distribution equipment in the world and in the top 10 global countries. Along with a global electricity control and distribution equipment market report the package includes country reports from the following countries:

China, France, Germany, India, Italy, Japan, Mexico, Russia, South Korea, United States

The reports include historic market data from 2008 to 2014 and forecasts until 2019 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall electricity control and distribution equipment market size, 2008-2019

Electricity control and distribution equipment market size by product segment, 2008-2019

Growth rates of the overall electricity control and distribution equipment market and different product segments, 2008-2019

Shares of different product segments of the overall electricity control and

distribution equipment market, 2008, 2014 and 2019

Market Potential Rates of the overall electricity control and distribution equipment market and different product segments

The product segments discussed in the data reports include:

Electrical relays (voltage Electrical relays (voltage 60 - 1,000 volts)
Electrical fuses (voltage Electrical fuses (voltage > 1 kV)
Automatic circuit breakers (voltage Automatic circuit breakers (voltage 1 - 72.5 kV)
Automatic circuit breakers (voltage > 72.5 kV)
Electrical distribution and control boards (voltage Electrical distribution and control boards (voltage > 1kV)
Not equipped electrical panels and boards
Isolating and make-and-break switches (voltage > 1 kV)
Lightning arresters and voltage/surge limiters (voltage > 1kV)
Electrical lamp-holders (voltage Electrical sockets and plugs
Other electricity control and distribution equipment

The reports help answering the following questions:

What is the current size of the electricity control and distribution equipment market in the world and in the top 10 global countries?

How is the electricity control and distribution equipment market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the electricity control and distribution equipment market in

the world and in the top 10 global countries to 2019

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

Contents

This market research report package includes a global electricity control and distribution equipment market report as well as country reports from the following countries: China, France, Germany, India, Italy, Japan, Mexico, Russia, South Korea, United States

Below you can find the table of contents for one of the reports. All the reports have a similar structure and content so that different countries can be easily compared with each other.

1. MARKET FOR ELECTRICITY CONTROL AND DISTRIBUTION EQUIPMENT IN THE COUNTRY IN QUESTION

Overall Market

Market by Type

Electrical relays (voltage 60 - 1,000 volts)

Electrical fuses (voltage > 1 kV)

Automatic circuit breakers (voltage 1 - 72.5 kV)

Automatic circuit breakers (voltage > 72.5 kV)

Electrical distribution and control boards (voltage > 1kV)

Not equipped electrical panels and boards

Isolating and make-and-break switches (voltage > 1 kV)

Lightning arresters and voltage/surge limiters (voltage > 1kV)

Electrical lamp-holders (voltage)

Electrical sockets and plugs

Other electricity control and distribution equipment

2. FORECASTS AND FUTURE OUTLOOK

Overall Market

Market by Type

Electrical relays (voltage 60 - 1,000 volts)

Electrical fuses (voltage > 1 kV)

Automatic circuit breakers (voltage 1 - 72.5 kV)

Automatic circuit breakers (voltage > 72.5 kV)

Electrical distribution and control boards (voltage > 1kV)

Not equipped electrical panels and boards

Isolating and make-and-break switches (voltage > 1 kV)
Lightning arresters and voltage/surge limiters (voltage > 1kV)
Electrical lamp-holders (voltage Electrical sockets and plugs
Other electricity control and distribution equipment

3. MARKET POTENTIAL RATES

4. ELECTRICITY CONTROL AND DISTRIBUTION EQUIPMENT MARKET SIZE COMPARED TO MARKET GROWTH IN DIFFERENT COUNTRIES

5. MARKET DEFINITION

6. METHODOLOGY AND SOURCES

7. ABOUT GLOBAL RESEARCH & DATA SERVICES
