## Abstracts

The report package Global Refined Petroleum Product Market to 2022 offers the most up-to-date industry data on the actual market situation, and future outlook for refined petroleum products in the world. Along with a global refined petroleum products market report, the package includes country reports from the following countries:

Belgium, China, France, Germany, India, Iran, Japan, Russia, South Korea, United States

The research includes historical data from 2011 to 2017 and forecasts until 2022 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in readily accessible documents with clearly presented tables and graphs.

The reports help answer the following questions:

What is the size of the refined petroleum product market in the world and in the top 10 global countries?

How much refined petroleum products are produced in the world and in the top 10 global countries?

How is the market split into different types of refined petroleum products?

How are the overall market and different product types growing?

How is the market predicted to develop in the future?

The latest industry data included in the reports:

Demand for refined petroleum products, 2011-2022

Production of refined petroleum products, 2011-2022

Refined petroleum product market size by product type, 2011-2022

Growth rates of the overall market and different product segments, 2011-2022

Shares of different product segments of the overall market, 2011, 2017, and 2022

The market data is given for the following product segments:

- Petroleum oils and bituminous mineral oils
- Liquefied butanes
- Liquefied propane
- Liquefied butylene, butadiene, ethylene and propylene
- Other liquefied petroleum gases and gaseous hydrocarbons
- Other petroleum gases and gaseous hydrocarbons
- Paraffin wax
- Petroleum jelly
- Other mineral waxes
- Calcined petroleum coke
- Not calcined petroleum coke
- Petroleum bitumen
- Other residues of petroleum oils

Among the key reasons to purchase include the following:

Gain an outlook of the historical development, current market situation, and future outlook of the refined petroleum product market in the world to 2022

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.

## Contents

This industry report package includes a global refined petroleum product market report as well as country reports from the following countries:

Belgium, China, France, Germany, India, Iran, Japan, Russia, South Korea, United States

Below you can find the table of contents for one of the reports. The country reports have a similar structure and content so that different countries can be easily compared with each other.
