The research includes historic data from 2009 to 2015 and forecasts until 2020 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in readily accessible documents with clearly presented tables and graphs.

The reports help answer the following questions:

What is the current size of the handling and lifting equipment market in the world and in different countries?

How is the handling and lifting equipment market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in the reports:

Overall handling and lifting equipment market size, 2009-2020

Handling and lifting equipment market size by product segment, 2009-2020

Growth rates of the overall handling and lifting equipment market and different product segments, 2009-2020

Shares of different product segments of the overall handling and lifting equipment market, 2009, 2015 and 2020

Market Potential Rates of the overall handling and lifting equipment market and different product segments

The market data is given for the following product segments:

- Pulley tackle and hoists
- Capstans and winches
- Hoists and jacks
- Cranes and lifting frames
- Continuous-action goods conveyors and elevators
- Escalators and moving walkways
- Lifts and skip hoists
- Pneumatic conveyors and elevators
- Ski-lifts, chair-lifts and teleferiques
- Work trucks
- Other handling and lifting equipment
- Parts of handling and lifting equipment

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the handling and lifting equipment market in the world to 2020

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into

presentations and internal reports.
