Collapsible tubular aluminium containers

Steel and iron cans

Crown corks

Caps, stoppers, lids and other packing accessories

The report helps answering the following questions:

What is the current size of the light metal packaging market in Denmark?

How is the light metal packaging market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the light metal packaging market in Denmark to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.
