Abstracts

This industry report offers the most up-to-date market data on the actual market situation, trends and future outlook for light metal packaging in Macedonia. The research includes historic market data from 2007 to 2013 and forecasts until 2018 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall light metal packaging market size, 2007-2018

Light metal packaging market size by product segment, 2007-2018

Growth rates of the overall light metal packaging market and different product segments, 2007-2018

Shares of different product segments of the overall light metal packaging market, 2007, 2013 and 2018

Market Potential Rates of the overall light metal packaging market and different product segments

The product segments discussed in this data report include:

Aluminium boxes, casks and drums

Collapsible tubular aluminium containers

Steel and iron cans

Crown corks

Caps, stoppers, lids and other packing accessories

The report helps answering the following questions:

What is the current size of the light metal packaging market in Macedonia?

How is the light metal packaging market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the light metal packaging market in Macedonia to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

Contents
