Abstracts

The report Lighting Product Market in Thailand to 2021 offers the most up-to-date industry data on the actual market situation, and future outlook for lighting products in Thailand.

The research includes historical data from 2010 to 2016 and forecasts until 2021 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in a readily accessible document with clearly presented tables and graphs.

The report helps answer the following questions:

What is the current size of the lighting product market in Thailand?

How much lighting products are produced in Thailand?

How is the market split into different types of lighting products?

How are the overall market and different product types growing?

How is the market predicted to develop in the future?

Who are the market players?

The latest industry data included in this report:

Demand for lighting products, 2010-2021

Production of lighting products, 2010-2021

Lighting product market size by product type, 2010-2021

Growth rates of the overall market and different product segments, 2010-2021

Shares of different product segments of the overall market, 2010, 2016, and 2021

The market data is given for the following product segments:

Arc-lamps

Infra-red and ultra-violet lamps

Sealed beam lamps

Tungsten halogen lamps

Other filament lamps

Electric discharge lamps (fluorescent, hot cathode)

Electric discharge lamps (mercury or sodium vapour)

Electric ceiling and wall lights

Electric floor, table, desk and bedside lamps

Portable electric lamps

Other electric lamps and lighting fittings

Non-electric lamps and lighting fittings

Illuminated signs and name-plates

Parts of lighting products

Among the key reasons to purchase include the following:

Gain an outlook of the historical development, current market situation, and future outlook of the lighting product market in Thailand to 2021

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.
