Abstracts

This industry report package offers the most up-to-date market data on the actual market situation, trends, and future outlook for medical devices in the top 5 American countries. The package includes medical device country reports from the following countries:

Argentina, Canada, Colombia, Mexico, United States

The reports include historic market data from 2007 to 2013 and forecasts until 2018 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall medical device market size, 2007-2018

Medical device market size by product segment, 2007-2018

Growth rates of the overall medical device market and different product segments, 2007-2018

Shares of different product segments of the overall medical device market, 2007, 2013 and 2018

Market Potential Rates of the overall medical device market and different

product segments

The product segments analyzed in the data reports include:

Electro-cardiographs

Magnetic resonance imaging devices

Scintigraphic devices

Ultrasonic scanning devices

Other electro-diagnostic devices

Medical and surgical sterilizers

Needles for sutures and tubular metal needles

Syringes

Ultra-violet and infra-red ray devices

Breathing devices and gas masks

Mechano-therapy and psychological aptitude-test devices

Therapeutic respiration devices

Ophthalmic devices and instruments

Dental drill engines

Other dental devices and instruments

Artificial teeth

Other dental fittings

Artificial joints

Other orthopaedic and fracture devices

Computed tomography devices

Hearing aids

Pacemakers

Dental X-ray devices

Medical X-ray devices

Dental chairs

Other medical furniture

Alpha, beta and gamma radiation devices

Parts and accessories for medical devices

Other medical devices

The reports answer the following questions:

What is the current size of the medical device market in the top 5 American countries?

How is the medical device market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the medical device market in the top 5 American countries to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

The industry data reports are produced utilizing the standard methodology of Global Research & Data Services by applying, analyzing, and combining a wide range of sources and in-house analysis.

Contents

This market research report package includes country reports from the following countries:

Argentina, Canada, Colombia, Mexico, United States

Below you can find the table of contents for one of the reports. All the reports have a similar structure and content so that different countries can be easily compared with each other.
