Abstracts

The report Medical Device Market in South Korea to 2020 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for medical devices in South Korea. The research includes historic data from 2009 to 2015 and forecasts until 2020 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in a readily accessible document with clearly presented tables and graphs.

The report helps answer the following questions:

What is the current size of the medical device market in South Korea?

How is the medical device market divided into different types of product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in this report:

Overall medical device market size, 2009-2020

Medical device market size by product segment, 2009-2020

Growth rates of the overall market and different product segments, 2009-2020

Shares of different product segments of the overall market, 2009, 2015, and 2020

Market Potential Rates of the overall medical device market and different product segments

The market data is given for the following product segments:

Surgical, medical and laboratory sterilizers
Electro-diagnostic equipment
Ultra-violet and infra-red ray equipment
Syringes
Tubular metal needles and needles for sutures
Catheters, cannulae and needles
Dental instruments and appliances
Ophthalmic instruments and appliances
Other medical instruments and appliances
Massage and psychological aptitude-test equipment
Therapeutic respiration equipment
Breathing appliances and gas masks
Artificial joints
Other orthopaedic and fracture appliances
Dental fittings
Other artificial parts of the body
Hearing aids
Pacemakers for stimulating heart muscles
Computed tomography equipment
Alpha, beta and gamma radiation equipment
Parts and accessories for radiation equipment
Medical and dental X-ray equipment
Medical furniture

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the medical device market in South Korea to 2020

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.
