## Abstracts

The report Motor Vehicle Part Market in South Korea to 2020 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for motor vehicle parts in South Korea. The research includes historic data from 2009 to 2015 and forecasts until 2020 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in a readily accessible document with clearly presented tables and graphs.

The report helps answer the following questions:

What is the current size of the motor vehicle part market in South Korea?

How is the motor vehicle part market divided into different types of product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in this report:

Overall motor vehicle part market size, 2009-2020

Motor vehicle part market size by product segment, 2009-2020

Growth rates of the overall market and different product segments, 2009-2020

Shares of different product segments of the overall market, 2009, 2015, and 2020

Market potential rates of the overall market and different product segments

The market data is given for the following product segments:

Diesel and semi-diesel engine parts

Spark-ignition engine parts

Brake system parts

Bumpers

Clutches

Drive axles and non-driving axles

Exhaust pipes and silencers

Radiators

Safety seat belts

Shock absorbers

Steering wheels, steering boxes and steering columns

Transmissions

Wheels

Other motor vehicle parts

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the motor vehicle part market in South Korea to 2020

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.
