Abstracts

The report Plastic Product Market in United States to 2022 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for plastic products in United States. The research includes historic data from 2011 to 2017 and forecasts until 2022 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in a readily accessible document with clearly presented tables and graphs.

The report helps answer the following questions:

What is the current size of the plastic product market in United States?

How is the plastic product market divided into different types of product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

The latest industry data included in this report:

Overall plastic product market size, 2011-2022

Plastic product market size by product segment, 2011-2022

Growth rates of the overall market and different product segments,
2011-2022

Shares of different product segments of the overall market, 2011, 2017, and
2022

The market data is given for the following product segments:

- Plastic construction products
- Plastic household ware
- Plastic monofilament and rods (over 1mm)
- Plastic packaging products
- Plastic pipes, tubes and hoses
- Plastic sheets, plates and film
- Other plastic products

Among the key reasons to purchase include the following:

- Gain an outlook of the historic development, current market situation, and future outlook of the plastic product market in United States to 2022

- Track industry developments and identify market opportunities

- Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

- Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.

Contents
