Abstracts

The report package Plastic Product Markets in Europe to 2022 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for plastic products in different European countries. The package includes plastic product country reports from the following countries:

Armenia, Austria, Azerbaijan, Belgium, Bulgaria, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Macedonia, Moldova, Netherlands, Norway, Poland, Portugal, Romania, Russia, Slovakia, Slovenia, Spain, Sweden, Turkey, Ukraine, United Kingdom

The research includes historic data from 2011 to 2017 and forecasts until 2022 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in readily accessible documents with clearly presented tables and graphs.

The reports help answer the following questions:

What is the current size of the plastic product market in different European countries?

How is the plastic product market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in the reports:

Overall plastic product market size, 2011-2022

Plastic product market size by product segment, 2011-2022

Growth rates of the overall plastic product market and different product segments, 2011-2022

Shares of different product segments of the overall plastic product market, 2011, 2017 and 2022

The market data is given for the following product segments:

Plastic construction products

Plastic household ware

Plastic monofilament and rods (over 1mm)

Plastic packaging products

Plastic pipes, tubes and hoses

Plastic sheets, plates and film

Other plastic products

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the plastic product market in different European countries to 2022

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.
