How much refined petroleum products are produced in South Korea?

How is the market split into different types of refined petroleum products?

How are the overall market and different product types growing?

How is the market predicted to develop in the future?

The latest industry data included in this report:

Demand for refined petroleum products, 2011-2022

Production of refined petroleum products, 2011-2022

Refined petroleum product market size by product type, 2011-2022

Growth rates of the overall market and different product segments, 2011-2022

Shares of different product segments of the overall market, 2011, 2017, and 2022

The market data is given for the following product segments:

- Petroleum oils and bituminous mineral oils
- Liquefied butanes
- Liquefied propane
- Liquefied butylene, butadiene, ethylene and propylene
- Other liquefied petroleum gases and gaseous hydrocarbons
- Other petroleum gases and gaseous hydrocarbons
- Paraffin wax
- Petroleum jelly
- Other mineral waxes
- Calcined petroleum coke
- Not calcined petroleum coke
- Petroleum bitumen
- Other residues of petroleum oils

Among the key reasons to purchase include the following:

Gain an outlook of the historical development, current market situation, and future outlook of the refined petroleum product market in South Korea to 2022

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.
