Abstracts

Global medical tourism market will reach \$298,784.4 million by 2032, growing by 17.8% annually over 2022-2032, driven by the growing healthcare expenses in developed countries, inadequate insurance benefits and a lack of healthcare insurance in the local market, increased demand for non-covered operations such as gender reassignment surgery and reproductive therapy, the rising accessibility to the most recent and technologically radical procedures of treatment, and the growing lifestyle-related disorders along with the aging population.

Highlighted with 94 tables and 94 figures, this 186-page report “Global Medical Tourism Market 2022-2032 by Specialty Type (Cosmetic, Cardiac, Orthopedic, Dental, Fertility, Organ Transplant, Bariatric), Tourism Type, Consumer Group, Tour Type, and Region: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire global medical tourism market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain. The report is based on studies on 2020-2022 and provides forecast from 2023 till 2032 with 2022 as the base year. (Please note: The report will be updated before delivery so that the latest historical year is the base year and the forecast covers at least 5 years over the base year.)
