Abstracts

North America air filtration media market is expected to grow by 5.6% annually in the forecast period and reach \$1,866.1 million by 2030 driven by the rising demand for air filtration and air quality control amid COVID-19 pandemic.

Highlighted with 27 tables and 57 figures, this 123-page report “North America Air Filtration Media Market 2020-2030 by Material, Media Type, Reusability, Grade, Application, Provider, End User, and Country: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire North America air filtration media market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain. The report is based on studies on 2015-2019 and provides forecast from 2020 till 2030 with 2019 as the base year. (Please note: The report will be updated before delivery so that the latest historical year is the base year and the forecast covers at least 5 years over the base year.)

In-depth qualitative analyses include identification and investigation of the following aspects:

Market Structure

Growth Drivers

Restraints and Challenges

Emerging Product Trends & Market Opportunities

Porter's Fiver Forces

The trend and outlook of North America market is forecast in optimistic, balanced, and conservative view by taking into account of COVID-19. The balanced (most likely) projection is used to quantify North America air filtration media market in every aspect of the classification from perspectives of Material, Media Type, Reusability, Grade, Application, Provider, End User, and Country.

Based on Material, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Fiberglass

Synthetic Polymer

Carbon

Other Materials

Based on Media Type, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Needlefelt

Spunbond

Wet Laid

Meltblown

Other Media Types

Based on Reusability, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Reusable

Disposable

Based on Grade, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

HEPA

MERV

ULPA

Other Grades

Based on Application, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Air Purifier

HVAC

Air Pollution Control

Manufacturing

Face Mask

Automotive & Transportation

Other Applications

Based on Provider, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

OEMs

Third-party Vendors

Based on End User, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Residential

Industrial

Commercial

Government

Geographically, the following national/local markets are fully investigated:

U.S.

Canada

Mexico

For each aforementioned country, detailed analysis and data for annual revenue are available for 2019-2030. The breakdown of key national markets by Material, Application, and End User over the forecast years are also included.

The report also covers current competitive scenario and the predicted trend; and profiles key vendors including market leaders and important emerging players.

Specifically, potential risks associated with investing in North America air filtration media market are assayed quantitatively and qualitatively through GMD's Risk Assessment System. According to the risk analysis and evaluation, Critical Success Factors (CSFs) are generated as a guidance to help investors & stockholders identify emerging opportunities, manage and minimize the risks, develop appropriate business models, and make wise strategies and decisions.
