Abstracts

North America biometrics market is expected to grow by 17.8% annually in the forecast period and reach \$46.94 billion by 2030 owing to the rising need for advanced biometrics technology in the region.

Highlighted with 29 tables and 68 figures, this 138-page report “North America Biometrics Market 2020-2030 by Offering, Product Type (Single-Factor, Multi-Factor), Mobility (Fixed, Mobile), Functionality, Deployment, End User, and Country: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire North America biometrics market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain. The report is based on studies on 2015-2019 and provides forecast from 2020 till 2030 with 2019 as the base year. (Please note: The report will be updated before delivery so that the latest historical year is the base year and the forecast covers at least 5 years over the base year.)

In-depth qualitative analyses include identification and investigation of the following aspects:

Market Structure

Growth Drivers

Restraints and Challenges

Emerging Product Trends & Market Opportunities

Porter's Fiver Forces

The trend and outlook of North America market is forecast in optimistic, balanced, and conservative view by taking into account of COVID-19. The balanced (most likely) projection is used to quantify North America biometrics market in every aspect of the classification from perspectives of Offering, Product Type, Mobility, Functionality, Deployment, End User, and Country.

Based on Offering, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Hardware

Readers

Camera

Scanners

Other Hardware

Software

Service

Based on Product Type, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Single-Factor Authentication

Fingerprint Recognition (further segmented into AFIS and Non-AFIS)

Voice Recognition

Signature Recognition

Iris Recognition

Palm/Hand Recognition

Face Recognition

Vein Recognition

DNA Recognition

GAIT Recognition

Other Technologies

Multi-Factor Authentication

Pin with Biometrics

Smart Card with Biometrics

Multimodal Biometrics

Based on Mobility, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Fixed Biometrics

Mobile Biometrics

Based on Functionality, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Contact Biometrics

Noncontact Biometrics

Combined Biometrics

Based on Deployment, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

On-Premise Biometrics

On-Cloud Biometrics

Based on End User, the North America market is segmented into the following sub-markets with annual revenue for 2019-2030 included in each section.

Government

Travel

BFSI

Healthcare

E-commerce & Retail

Defense

IT & Telecommunication

Other End-Users

Geographically, the following national/local markets are fully investigated:

U.S.

Canada

Mexico

For each aforementioned country, detailed analysis and data for annual revenue are available for 2019-2030. The breakdown of key national markets by Product Type,

Mobility, and End User over the forecast years are also included.

The report also covers current competitive scenario and the predicted trend; and profiles key vendors including market leaders and important emerging players.

Specifically, potential risks associated with investing in North America biometrics market are assayed quantitatively and qualitatively through GMD's Risk Assessment System.

According to the risk analysis and evaluation, Critical Success Factors (CSFs) are generated as a guidance to help investors & stockholders identify emerging opportunities, manage and minimize the risks, develop appropriate business models, and make wise strategies and decisions.

Key Players (this may not be a complete list and extra companies can be added upon request):
