## Abstracts

North America E-learning market is expected to grow by 11.1% annually in the forecast period and reach \$159.1 billion by 2026 owing to the rising need for remote teaching and online learning amid the COVID-19 pandemic.

Highlighted with 30 tables and 58 figures, this 130-page report “North America E-learning Market 2020-2026 by Offering, Learning Mode, Technology, Material Source, Application, End User, and Country: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire North America E-learning market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain. The report is based on studies on 2015-2019 and provides forecast from 2020 till 2026 with 2019 as the base year. (Please note: The report will be updated before delivery so that the latest historical year is the base year and the forecast covers at least 5 years over the base year.)

In-depth qualitative analyses include identification and investigation of the following aspects:

Market Structure

Growth Drivers

Restraints and Challenges

## Emerging Product Trends & Market Opportunities

### Porter's Fiver Forces

The trend and outlook of North America market is forecast in optimistic, balanced, and conservative view by taking into account of COVID-19. The balanced (most likely) projection is used to quantify North America E-learning market in every aspect of the classification from perspectives of Offering, Learning Mode, Technology, Material Source, Application, End User, and Country.

Based on Offering, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Content

Service

Instructor Support

Based on Learning Mode, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Self-paced E-learning

Instructor-led E-learning

Based on Technology, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Online E-learning

Mobile E-learning

Rapid E-learning

VR & AR Technology

Learning Management System (LMS)

Lecture Capture Solutions (LCS)

Learning Content Management System

Massive Open Online Courses (MOOCS)

Other Technologies

Based on Material Source, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Open Educational Resources (OER)

Cloud Learning Management System (CLMS)

On-Premise Learning Management System (OLMS)

Based on Application, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Training

Testing

Based on End User, the North America market is segmented into the following sub-markets with annual revenue for 2015-2026 included in each section.

Academic

K-12

Higher Education

Vocational

## Corporate

Large Enterprises

Small and Midsize Business (SMBs)

## Government

Other End Users

Geographically, the following national/local markets are fully investigated:

U.S.

Canada

Mexico

For each aforementioned country, detailed analysis and data for annual revenue are available for 2015-2026. The breakdown of key national markets by Learning Mode, Technology, Application, and End User over the forecast years are also included. The report also covers current competitive scenario and the predicted trend; and profiles key vendors including market leaders and important emerging players. Specifically, potential risks associated with investing in North America E-learning market are assayed quantitatively and qualitatively through GMD's Risk Assessment System. According to the risk analysis and evaluation, Critical Success Factors (CSFs) are generated as a guidance to help investors & stockholders identify emerging opportunities, manage and minimize the risks, develop appropriate business models, and make wise strategies and decisions.
