Abstracts

North America medical tourism market is projected to grow by 19.9% annually in the forecast period and reach \$29,251.0 million by 2032, driven by the growing healthcare expenses in developed countries, inadequate insurance benefits and a lack of healthcare insurance in the local market, increased demand for non-covered operations such as gender reassignment surgery and reproductive therapy, the rising accessibility to the most recent and technologically radical procedures of treatment, and the growing lifestyle-related disorders along with the aging population.

Highlighted with 28 tables and 56 figures, this 118-page report “North America Medical Tourism Market 2022-2032 by Specialty Type (Cosmetic, Cardiac, Orthopedic, Dental, Fertility, Organ Transplant, Bariatric), Tourism Type, Consumer Group, Tour Type, and Country: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire North America medical tourism market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain.
