Abstracts

North America pest control services market is expected to grow by 4.4% annually in the forecast period and reach \$12.56 billion by 2030 owing to the rising public health initiatives due to growing instances of disease outbreaks, the technological advancements in insecticide formulations, and the increasing commercial and residential projects and intolerance for pests.

Highlighted with 24 tables and 53 figures, this 109-page report “North America Pest Control Services Market 2020-2030 by Product Type (Chemical, Mechanical, Biological), Product Form (Powder, Sprays, Pellets, Traps, Baits), Pest Type (Insects, Termites, Rodents, Wildlife), Application (Commercial, Residential, Agricultural, Industrial), and Country: Trend Forecast and Growth Opportunity” is based on a comprehensive research of the entire North America pest control services market and all its sub-segments through extensively detailed classifications. Profound analysis and assessment are generated from premium primary and secondary information sources with inputs derived from industry professionals across the value chain. The report is based on studies on 2017-2019 and provides estimate for 2020 and forecast from 2021 till 2030 with 2019 as the base year. (Please note: The report will be updated before delivery so that the latest historical year is the base year and the forecast covers at least 5 years over the base year.)

In-depth qualitative analyses include identification and investigation of the following aspects:

Market Structure

Growth Drivers

Restraints and Challenges

Emerging Product Trends & Market Opportunities

Porter's Fiver Forces

The trend and outlook of North America market is forecast in optimistic, balanced, and conservative view by taking into account of COVID-19. The balanced (most likely) projection is used to quantify North America pest control services market in every aspect of the classification from perspectives of Product Type, Product Form, Pest Type, Application, and Country.

Based on Product Type, the North America market is segmented into the following sub-markets with annual revenue (\$ mn) for 2019-2030 included in each section.

Chemical Control

Insecticides

Rodenticides

Other Chemical Types

Mechanical Control

Trapping

UV Radiation Devices

Mesh Screens

Ultrasonic Vibrations

Biological Control

Microbial

Plant Extracts

Predatory Insects

Other Product Types

Based on Product Form, the North America market is segmented into the following sub-markets with annual revenue (\$ mn) for 2019-2030 included in each section.

Powder

Sprays

Pellets

Traps

Baits

Other Product Forms

Based on Pest Type, the North America market is segmented into the following sub-markets with annual revenue (\$ mn) for 2019-2030 included in each section.

Insects

Termites

Rodents

Wildlife

Other Pest Types

Based on Application, the North America market is segmented into the following sub-markets with annual revenue (\$ mn) for 2019-2030 included in each section.

Commercial Use

Residential Use

Agricultural Use

Industrial Use

Other Applications

Geographically, the following national/local markets are fully investigated:

U.S.

Canada

Mexico

For each key country, detailed analysis and data for annual revenue (\$ mn) are available for 2019-2030. The breakdown of key national markets by Product Type, Pest Type, and Application over the forecast years are also included.

The report also covers current competitive scenario and the predicted trend; and profiles key vendors including market leaders and important emerging players.
