Abstracts

The Philippines death care market size was valued at USD 2.24 billion in 2025 and is expected to reach USD 3.21 billion by 2033, growing at a CAGR of 4.66% from 2026 to 2033. The growth of the market is driven by the growing demand for professional funeral and end-of-life services and increasing demand for pre-need funeral plans, insurance products, and burial financing solutions. This awareness encourages individuals to plan, reduce the financial burden on their loved ones, and ensure less financial load on their loved ones, and make sure to reduce the financial burden on their loved ones, and ensure their final wishes are honored. In addition, demographic shifts, including an aging population and increasing urbanization, are further supporting the market expansion.
