SUMMARY

A laboratory information management system (LIMS) is a software system developed to support laboratory operations. This software system can track specimens and workflows, aggregate data for research or business intelligence purposes, and ensure laboratory operations are compliant with various standards and regulations.
The global LIMS market will reach xxx Million USD in 2020 with CAGR xx% 2020-2025.
The main contents of the report including:

Global market size and forecast
Regional market size, production data and export & import
Key manufacturers profile, products & services, sales data of business
Global market size by Major End-Use
Global market size by Major Type

Key manufacturers are included based on company profile, sales data and product specifications etc.:

LabWare

Thermo Fisher

LabVantage Solutions

STARLIMS Corporation

PerkinElmer
