## Abstracts

### SUMMARY

A baby carrier is one of the most comfortable and secure ways of carrying the baby around. With a baby carrier, your baby will always be close to you, without you having to sacrifice your arms to holding them. You can carry on working – inside the house, or outside – while your baby sleeps serenely beside you. Baby carriers are especially helpful when you are travelling or visiting friends or family, and pushing a stroller around is not a choice.
