Abstracts

In this report, we analyze the 3,4-Dichloroaniline industry from two aspects. One part is about its production and the other part is about its consumption. In terms of its production, we analyze the production, revenue, gross margin of its main manufacturers and the unit price that they offer in different regions from 2011 to 2016. In terms of its consumption, we analyze the consumption volume, consumption value, sale price, import and export in different regions from 2011 to 2016. We also make a prediction of its production and consumption in coming 2016-2021.

At the same time, we classify different 3,4-Dichloroaniline based on their definitions. Upstream raw materials, equipment and downstream consumers analysis is also carried out. What's more, the 3,4-Dichloroaniline industry development trends and marketing channels are analyzed.

Finally, the feasibility of new investment projects is assessed, and overall research conclusions are offered.
