Also, this report covers market segmentation by major market vendors, types, applications/end users and geography (North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Demolition Equipment is a big topic. This report only covers high reach hydraulic crawler excavators with working height above 15m and operation weight above 20 Tons. The arm's end is equipped with grapples, hammers, shears or pulverizers. For production, Japan is one of the largest manufacturing bases of Demolition Equipment, over 42.65% Demolition Equipment are manufactured in this region. Due to high technology level and completely industrial chain, Japan is the best choice for manufacturers. Europe is the largest consumption market of Demolition Equipment, which shared over 36% of the market, USA and Japan followed. CAT and Hitachi are the most famous manufacturer, both occupying large market share in global Demolition Equipment market. Besides, other manufacturer like Kobelco and Komatsu are all professional manufacturers in this market. In general, the market concentration is relative low. Though the giants have occupied considerable market share, there are still a large quantity of manufacturers of Demolition Equipment with small capacity.
